

## TONOPAH WINS FROM GOLDFIELD IN GOOD GAME

VICTORY PERCHES ON THE BAT  
OF THE LOCAL PLAYERS.  
EXCITING CONTEST.

The largest crowd that ever attended a baseball game in this city witnessed the Tonopah players take the measure of the Goldfield nine at Volunteers park Sunday last. From beginning to end the contest was replete with excitement. While at no stage of the game did it appear that the home nine was in any danger of being defeated, nevertheless the visitors put up a snappy game with the exception of the third inning when an error on the part of the Goldfield shortstop was responsible for two runs credited to Tonopah. The score at the end of the ninth inning stood: Tonopah 4, Goldfield 1.

Seitz pitched his usual good game. There were but few hits of his delivery. Seitz is an exceptionally splendid player. Unlike the majority of pitchers, he is a strong batter. When he lands upon the ball it is sent quite beyond the reach of the fielders. He made a neat three-bagger in one of the earlier innings and had been a swifter runner a home run would have been credited to his summary.

Buckley, the Tonopah backstop, made his debut before the Tonopah public. That he acquitted himself admirably is putting it mildly. Buckley's every move shows him to be a player of professional proportions. He knows the game thoroughly and is indeed a valuable acquisition to the team. He is good at the bat, exceptionally good as a base runner and has a whip that arrests the opposition players at the second station. His game was errorless.

Hatton at third was there with the goods all the time. He covers that difficult position in splendid style. He is in the game at all times and the team owes to him no little credit for the victory achieved.

Taken generally the Tonopah team right now is well balanced. While it is weak in spots, it would be hard to improve upon it as an amateur aggregation.

Goldfield has a good battery; in fact the entire team is a strong one. The one error in the early part of the game gave the Tonopah players two tallies which under ordinary circumstances they were not entitled to. Minus that fluke the score would have been 2 to 1 in favor of Tonopah.

The game was snappy throughout and devoid of wrangling. Umpire Dow officiated in an able manner. From the standpoint of an interested fan, it may not be amiss to offer a little criticism. The Tonopah boys for the most part in their anxiety to connect with the horsehide, endeavor to knock the cover off the ball. This is a mistake made by a great many teams. It is well enough for batters like Seitz, Peck and Hatton to put their every muscle behind the blow, but the average batter can accomplish much more by gently tapping the leather and keeping it upon the ground.

The Goldfield boys took their defeat in a good-natured manner. After the game they marched down town to the tune of a dead march while carrying an abundance of crepe. One of the automobiles was decorated with beads, while the ladies and gentlemen wore that vegetable upon their coats.

A return game will probably be played next Sunday at Goldfield. During the mining congress, a series of games will be fought out by the two teams.

Some one in the grandstand wanted to put a "copper" on first after a batter had two strikes called on him.

Mullen, the "Kilowat Kid," seemed to be one of the most popular players on the diamond.

Seitz and Buckley are there with

the goods. The former bats well and twirls better. Buckley is good everywhere.

Hatton is as lively as a June bug. Peck connects for a long drive every time.

After the game, oh, my. And the next day, whew.

Brooke cut up many capers on the side lines. He kept the crowd laughing at his fantastic antics. That Goldfield catcher is no slouch. Gottwaldt was there with a Pullman ticket. He arrived early and got a good berth.

Kenneth Booth was there with bells, while Newton Crumley had the coin.

The Goldfield contingent left all their high-grade at home.

Hurd played a good game.

## PROFESSOR JENNY AND WIFE HAVE RETURNED

WELL KNOWN MINING AUTHORITY HAS BEEN WITNESS IN BIG SUIT.

Professor and Mrs. W. P. Jenny have returned to Tonopah after an absence of three months. They are again domiciled in the Wingfield home in Central street.

Mr. Jenny was called to Butte, Montana, as a witness in the celebrated case of St. Louis Mining and Milling company vs. the Montana Mining company, Limited, of London. The case has been before the court for twenty-two years. This last court controversy makes the fourth time the matter has been before the federal tribunals. The point at issue was the apex question which for years has caused much litigation in the great copper camp.

The suit involved a large amount of ore taken from the Drum Lummon ground which apexed in the St. Louis ground. The verdict was in favor of the St. Louis people who were given judgment for nearly \$250,000. Many of the most eminent engineers in the west were in attendance upon the trial as expert witnesses. Professor Jenny was among the number, being called by the plaintiffs.

The Drum Lummon property is believed to have produced \$35,000,000. At this time the general opinion is that the mine has been worked out. From the 1000-foot level to the \$600-foot point not a pound of ore was extracted.

The case was tried before Judge Hunt, formerly governor of Porto Rico. The most brilliant legal talent in Montana was arrayed on both sides of the case.

## PRESIDENT OF MACNAMARA MINE IS IN TONOPAH

JOE JOSEPHS COMES FROM SAN FRANCISCO TO INSPECT BIG PROPERTY.

President Joe Josephs of the MacNamara Mining company was an arrival from San Francisco yesterday morning and spent yesterday in a trip through the underground workings of the big property. Mr. Josephs was highly pleased with the conditions in the mine. He speaks very optimistically concerning the future of the property as well as its present status. He says that if the present splendid showing continues, it will not be a great while until the mine is on a dividend-paying basis. The monthly tonnage sent to the mills now amounts to about 2000 tons.

It may not be generally known that Mr. Josephs recently purchased the holdings of "Borax" Smith in the property, amounting to 75,000 shares. Mr. Josephs paid 25 cents a share for the stock.

## WRITES POEM WITH TONOPAH AS THE THEME

MRS. M. C. WATSON, CLEVER WRITER, TAKES UP HER RESIDENCE HERE.

The following from the Goldfield News, speaks of a lady who has taken up her residence in this city:

Mrs. M. C. Watson has gone to Tonopah to reside and her genial presence will be missed by many of the ladies of this city. The lady is a fluent writer and has many poems and stories typical of the desert. Her friends are treasuring a lately issued postal card, with the following poem, above a typical desert picture, showing the barren, jagged mountain ranges:

TONOPAH  
Saw-toothed and jagged and broken,  
The desert mountains rise,  
Black, and blasted and lifeless,  
Sharply etched on the skies.

Long had they guarded the treasure,  
Buried and covered deep,  
Under the granite and basalt,  
Lining each rocky steep.

Grim and silent and brooding,  
They kept their secret well,  
Never a voice of the desert,  
Lifted itself to tell.

Then came the men from the borders  
Bronzed, and dauntless and bold,  
Unafraid of the lonely wastes,  
They sought for the hidden gold.

Saw-toothed and jagged and broken,  
The desert mountains frown  
On the tireless work of the miners,  
On the roofs of the growing town.

They hear the throbbings of engines,  
They see the traffic of men,  
Where only the silence and vastness  
Of the desert wastes had been.

## MALLEY WILL ENFORCE CURFEW REGULATIONS

YOUNGSTERS WILL HAVE TO REMAIN OFF STREETS AFTER 8 P. M.

Chief of Police Malley has issued an edict to the effect that from this time on the curfew ordinance will be rigidly enforced. Youngsters will not be permitted to roam the streets alone. Children upon the public streets after the hour the curfew tolls without their parents or guardians will be jailed.

The chief also warns minors that they must keep out of saloons and sporting places, or they will be held amenable to the law. Of late there have been many complaints that young men are frequenting places where liquor is sold. This is in strict violation of the law. Further occurrences of this description will result in arrests.

Welcomes and appreciates your business whether large or small and believes its extensive resources developed by years of consistent, considerate, conservative accommodations, a splendid endorsement of its most satisfactory service to the people of Tonopah and vicinity.

## EUREKA MINER CAVED ON LAST SUNDAY

William Warner, a recent arrival from Goldfield was caved on at the 100-foot level of the Windfall mine on Sunday morning. His scalp on both sides of the head was thrown back, resting upon the shoulder, and the eyebrow of the left eye was torn away and laid upon the cheek. It became necessary for Dr. Burnett to take sixty stitches to bring the wounds together. As it is five days since the accident occurred, and no complications, the physician says, having set in, he considers the patient's condition as favorable for surviving his terrible injuries. He was taken to the county hospital for treatment, as the accommodations at the mine are crowded.—Eureka Sentinel.

## CHIEF SINCLAIR IS ABLE TO BE UPON THE STREET

After a threatened attack of typhoid fever, Chief of the Fire Department William Sinclair is able to be out. Yesterday for the first time in several days, the chief was seen upon the streets. He lost considerable weight as a result of his experience, but otherwise he is feeling well again.

Bring your girl to the lemon squeeze tonight at the Presbyterian church. If you haven't got a girl bring somebody else's girl. If you can't bring somebody else's girl come anyhow and we will find a girl for you.

## REMOVAL NOTICE.

## Temperature Report

Yesterday's hourly temperature record at the weather bureau office was as follows:

5 a. m.	63
6 a. m.	67
7 a. m.	61
8 a. m.	65
9 a. m.	69
10 a. m.	70
11 a. m.	71
12 (noon)	73
1 p. m.	76
2 p. m.	78
3 p. m.	82
4 p. m.	82
5 p. m.	81

The highest temperature a year ago was 84, the lowest 61.

## NEW HOSE CART HAS ARRIVED FOR DEPARTMENT

The new hose cart ordered some time ago by the board of commissioners acting as a town board arrived in Tonopah yesterday. Teddy Osborne, captain of hose company No. 3 spends his time admiring the new article. He is as proud of it as a small boy is of his first pair of red-topped, brass-toed boots.
